NEW BOARD MEMBER

Marty Greenwood joined the Board of Directors in December 2012.

Marty married his high school sweet heart in 1990 and a couple of years later moved his family to Hollister to pursue a career in his family's auto dealership. On January 21, 2001, Marty and his brother purchased Tipton Chevrolet, now Greenwood Chevrolet Buick GMC. In 2006, they opened a Honda Powerhouse dealership and just recently added Polaris, Victory, Kawasaki and Gem electric vehicles.

Marty has served the community through an [continued on page 2]

HOG WILD!

Nino exceeds expectations and sets new record!

The Heritage Hog Scholarship Committee could not be happier with this year's Heritage Hog recipient. "Katie Nino far exceeded any and all expectations that were held for her," said Committee Chairman Richard McAbee. Not only was she an excellent ambassador for the Heritage Foundation, but also the sale of the Heritage Hog set a new record with 39 buyers contributing to a grand total of \$39,550. This year the hog was donated by Powerhouse in Los Banos. The Foundation would like to thank everyone for their generous support in helping to make this the most successful sale of the Heritage Hog to date.

In addition to raising the Heritage Hog, Katie served as spokesperson for the Heritage Foundation. Katie attended numerous 4-H Club meetings and FFA meetings to promote the sale of buyer certificates. Her efforts were well worth it, raising \$4,241! [continued on page 2]

IMPROVEMENTS

Visitors & animals enjoy improved facilities

The Heritage Foundation is very proud to have funded two improvement projects at Bolado Park in 2012: upgrading the restrooms located near the arena and the livestock office, and installing cooling fans in the show rings.

Improvements to the restrooms included a new roof, sealed floors, paint and new fixtures. "Restroom facilities are very important to the families who visit the County Fair and we were glad to work with the 33rd Board to fund the request," said Bob Swanson, Heritage Foundation President.

The Foundation was happy to improve the experience for livestock participants and animals by installing cooling fans in the show rings. The project was funded collaboratively by donations from Monsanto, 4-H, and FFA. The Foundation looks forward to working with community partners to continue to improve the fair experience.
